

## Mini Thank You Notes and Holder

### All supplies from November 2009 Medley Kit

- 1 piece green CS
- 1 piece White CS
- Patterned paper scraps
- Embellishments
- Border punch or decorative scissors
- Bone folder
- Adhesive

### Directions:

1. Cut your green CS to 5x12. Score vertically at 3.5, 3.75, 8.25, and 8.5. Score the bottom at 0.25. Use the bone folder to crease your scores. Your piece should look like this:

The outside pieces are going to fold over the front. On the bottom horizontal score, snip the edges off at all the cross points so its easier to fold. Now, using a border punch or decorative scissors, angle the outside pieces like below:

2. Embellish the outside flaps and inside middle piece, fold and secure with adhesive on the bottom. Make 3 4x4 cards using white cardstock as your base and scraps and bits from your kit. Slip the cards into the holder.
