

## Mother's Day Photo Tent Card

### Supplies:

All supplies are from the April Solo kit and one flower from the add-on kit

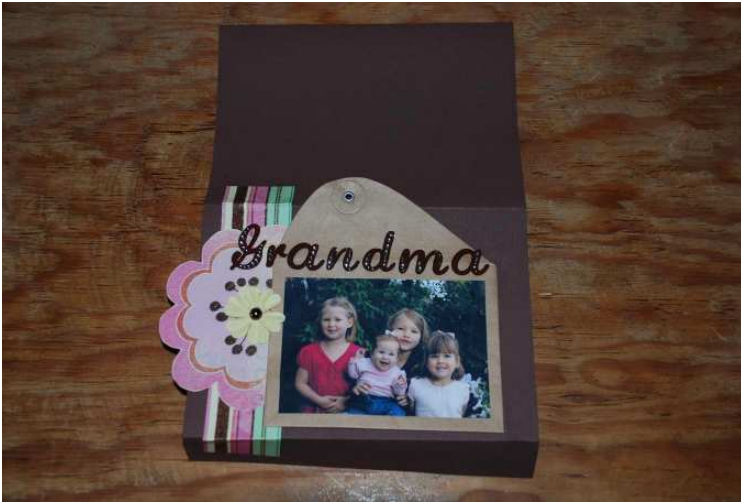

- 1 8x12 piece of brown CS
- scraps of PP
- envelope
- flower and center
- letter stickers (optional)
- picture (optional)

### Directions:

1. Score your base cardstock at 1 inch, 6 inches, and 11 inches, your piece should look like this

2. Decorate the large piece on the bottom. This will be the front of your card. You want to be sure you keep the horizontal landscape so your card is not flipped when you adhered the pieces on the bottom for it to stand on the table. I used a scrap of the striped PP and cut out a flower from the large flower PP. One of the envelopes became a photo mat, and I used a prima from the add on kit with a jeweled center on top of the cut out flower. Add a picture for a sweet picture card, or add a stamped image or poem for the special Mother/Grandma in your life.

3. Write a message on the inside and you have a card ready for Mother's Day! Include instructions to glue the small bottom pieces together to make a tent and it will stand on a table, counter or desk for all to see.
