

BackPorchMemories

Creativity made easy.....

Back Porch Memories is a monthly kit club dedicated to helping you get more pages done in less time without sacrificing creativity.

We know you love to create and we want to help you leave your family legacy to future generations. We also know it is difficult to find the time to preserve your memories in this day and age. With a fabulous Design Team helping you every step of the way, creativity has never been easier.

Back Porch Memories offers two completely different kits each month:

The Solo ~

This kit generally features 6 sheets of patterned paper from one manufacturers' product line and 6 sheets of coordinating premium cardstock. There are plenty of embellishments; some full packages and some partial packages. You will receive a nice mixture of products from many manufacturers all carefully chosen to work together. Choose this kit if you are a 'gotta have all the paper in the line' type of girl and love to have many creative options to choose from. You will also enjoy this kit if you like to have extras hanging around just waiting for that perfect layout or project.

The Medley ~

This kit is actually three individually packaged 'page kits', each of which consists of 3 sheets of patterned paper and 3 sheets of coordinating premium cardstock. You will receive a wide variety of mainly partial packages of embellishments from several different manufacturers. Each page kit is perfectly coordinated and will yield plenty of leftovers for other layouts and projects. Choose this kit if you are a 'use it once, then I'm done kind of girl' or if you like to try little bits of embellishments before committing to an entire package. You will also enjoy this kit if you prefer your choices to be limited in order to complete your pages faster.

{Whatever your scrapbooking style, we have you covered!}
